

“Technical Seminar on HORC Viaduct” on 26.04.2023.

HRIDC, a Joint venture of Ministry of Railways & Government of Haryana, is executing Haryana Rail Orbital Corridor (HORC) project, which is a 126 Route km Double New Line in the NCR region from Palwal to Sonipat via Sohna, Manesar & Kharkhoda.

This project involves a **3.5 km long & 25 m high Viaduct**. For facilitating planning, designing & execution of the viaduct, expert views are proposed to be sought through a “Technical Seminar on HORC Viaduct” as per following:

Date: 26.04.2023

Time: 11:00 to 13:30 Hrs.

Venue: Haryana Bhawan, Copernicus Marg, New Delhi.

(Seminar will be followed by Lunch)

Firms/Consultants having experience in Designing & Construction of Viaduct, Ballast-less Track, LWR on Viaduct & RSI are invited for the Seminar for their technical inputs.

It may kindly be noted that only personnel having the above expertise be deputed from whom technical inputs can be expected. The Consultants/Firms are requested to restrict the number of personnel attending the seminar to maximum of two.
